

MES COLLEGE OF ENGINEERING, KUTTIPPURAM
DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

NEWS LETTER COGNIZANCE

Vision

To empower students a vital and leading role as technologists in the dynamically changing arena of computer science and engineering and also prepare them to contribute to the advancement of society and mankind.

Mission

The computer science & Engineering department continues to impart high standard technical education which helps the students to respond to the global happenings in the field through rigorous and comprehensive teaching learning process and inculcate in them the ethical and moral values

About the Department

The Department of Computer Science & Engineering started functioning from the very beginning of this college. The department has well equipped classrooms & labs. Classes are spacious, well furnished & well ventilated for providing a good environment for students for learning. Labs are fully air conditioned & computers and peripherals are timely upgraded.

Students Participations

1. Najma Mohammad and Sana Kader, Fifth semester students attended a workshop on “Understanding DSP” organized by IEEE student branch at MES College of Engineering on 29/06/2016
2. Ms. Liyana Fizal S5 CSE A student attended a 3 day workshop on Open source software and its promotion at TechnoPark Trivandrum which was conducted by ICFOSS and SPACE from 23/9/2016-25/9/2016

Students Achievements

1. The mini project named “PC - Control” done by S6 CSE B students Amrutha K. V. , Neethu C. P. , Sreelakshmi T. G. and Thahsin P. guided by Prof. Sherikh K. K. as well as another mini project from S6 CSE B named “APP-Cooke” done by Renjusha T. R. , Nikhila P. , Suhaila V. and Ummu habeeba K. guided by Prof. Sreekanth E. S. are selected for the final round evaluation of All India CSI-InApp Student Project Awards 2016.
2. Mr. Naeem Hadiq Student of CSE, and team was selected for Malayala Manoram Yuva Mastermind Season 7 and got financial Support from Manorama for the implementation of the project prototype.
3. Neeha Parvin (S3 CSE B student) won first prize in poster design competition in women hackathon program conducted by GEC kannur in association with ICFOSS
4. The HEY NEWS APP developed by Team FANTACODE a startup initiative of CSE students bags second runner up in Media Hackathone
5. S5 CSE A students completed five day industrial training(from 25-11-2016 to 30-11-2016) based on Cisco networking-CCNA(R&S) at Bangalore
6. Muhammad jeffrin and team(Final year CSE Students) bags third prize in start-up i3 program held at Sahrdya college of engineering and technology,kodakara,thrissur on 20/12/2016

Faculty development programs attended

1. Prof. Sajitha M and Prof. Shreeja R attended a Faculty Development Programme on "HADOOP AND R Programming" at Jyothi Engineering College, Cheruthuruthi from 12/1/2016 to 13/1/2016.
2. Prof. Zainul Abid T. P. attended a Work shop on Data analytics using R at M. S. Ramaiah University, Bangalore. From 11/07/2016 to 13/07/2016
3. Dr.Sasidharan Sreedharan HOD CSE, attended APEC Workshop on Development and Application of Solar Technologies and Products held at Kunming, China from 15/08/2016-19/08/2016
4. Dr.Sasidharan Sreedharan HOD CSE, attended KTU workshop on Collaborative Research held at Kerala Technological University, Trivandrum on 8/9/2016
5. Prof. Syed Farook attended 5-Day FDP on "ALGORITHM DESIGN TECHNIQUES AND COMPLEXITY THEORY " at Government Engineering College, Sreekrishnapuram, Palakkad.
6. Sreekesh Namboodiri, Asst. Professor, Dept. Of. CSE attended 5-Day workshop "Hands on android application development" at Government Engineering College, Kannur. On 7/11/2016

Faculty as resource person

1. Prof. Shajeesh K. U., Asst. Professor, Dept. of CSE delivered an Expert Talk on "System Programming" at College of Engineering, Trikkaripur on 3/08/2016.
2. Prof. Shaiju Panchikkil, Asst. Professor, Dept. of CSE delivered an Expert Talk on "Analysis and Design of Algorithms" at College of Engineering, Trikkaripur on 03/08/2016.
3. Dr.Sasidharan Sreedharan HOD CSE, delivered a keynote address in the International conference on System Energy and Environment at GEC, Kannur on 5/08/2016

Association activities

1. Department association (MATRICS) annual celebration and Magazine Launch : 19/02/2016-20/02/20

2. MATRICS, the department association of CSE organized a technical talk on " cloud computing " at college auditorium. The session was handled by Mr. Muhammed Suhail Rehman who was an Alumni of MES Engineering college and currently pursuing PhD from University of Chicago on 23/08/2016

3. Department student association, MATRICS celebrated Teachers day

4. Dept. Association MATRICS celebrated ONAM with various events. Onasadhya is arranged for students. 9/9/2016

5. Conducted a workshop on windows platform and applications by Mr. Mohammed Rameez (MVP)

6. MATRICS Dept. association of CSE conducted a session on "Basics of Network Technologies" handled by Mr. Hari Krishnan GR Asst. Professor,
